AIM OF THE CONFERENCE

Natural products are an unique resources primarily from plants, algae, microbes, fungi and actinomycetes that provide a diverse array of applications. Natural products have been used in folklore for the treatment of various diseases. According to World Health Organization (WHO), about 80% of the world's population relies on traditional medicine and about 121 FDA approved drugs prescribed in USA today come from natural sources. This conference is focusing on applications of natural products to cure infectious diseases, cancer, diabetes, cardiovascular diseases etc.

All the time scientists and clinicians are facing the critical questions: are such natural products and treatments are safe? Can the side effects be inherited by future generations? What about the financial aspects: will it be expensive or inexpensive, and how should we prioritize? To throw light on these perspectives and questions, the School of Life Sciences at B.S Abdur Rahman University, Chennai is planning to organize a conference on Natural products and its applications on 2-3 August 2016 at B. S. Abdur Rahman University premises.

ABOUT THE SCHOOL OF LIFE SCIENCES

School of Life Sciences has been established with twin objectives of making the campus cross disciplinary and initiating teaching, research and training programs across the interdisciplinary areas of life sciences. The school has been visualized to emerge as a hub for state of the art research in all fields related to Molecular Biology, Bio-Chemistry, Microbiology, Bio-Technology, Cancer Biology, and Genetics etc., through sponsored projects from industries and Government agencies. It has also been visualized to be a training centre for scientists, researchers, clinical staff of hospitals, industry workers in advanced laboratory techniques with hands on

experience, through short term intensive programs. The school offers Undergraduate, Postgraduate and Doctoral programmes in Life Sciences. For more information please visit www.bsauuniv.ac.in

THEMES OF THE CONFERENCE

1. *Natural products*
2. *Applications to cure diseases*
3. *Isolation and characterization*
4. *Molecular mechanisms*
5. *Molecular docking of ligands*
6. *Applications in biology*
7. *Alternative therapeutics*
8. *Herbal medicine and formulations*
9. *Metabolomics*
10. *Functional food*

LEVEL OF PARTICIPANTS

Professors, Scientists, Research scholars from Indian Universities, research institutes, medical colleges, hospitals, etc. and undergraduate and post graduate students could attend the conference by sending the registration form along with Demand draft in favor of "Dean, School of Life Sciences, B.S. Abdur Rahman University" on or before 28, July, 2016.

REGISTRATION FEES:

Student	Rs 200/-
Research Scholar	Rs. 500/-
Academics, Scientist	Rs 1000/-
For on-spot registration	Rs 2000/-
