Dear and Respected Sir,

Social workers tomorrow will need an introduction to Sociocracy.

For one thing, Sociocracy offers a new approach to politics that will ensure better participation and empowerment of people, concerns that preoccupy modern day social workers.

Secondly, it helps to tide over a concrete problem that social workers face when they try to organize people into groups, associations and federations. That is one of ensuring that these groups stay united while and after making collective decisions, like electing office-bearers. Often it happens that while one section wins in the voting, others turn indifferent and non-cooperative, weakening the efficacy of the groups and federations.

Sociocracy, an improvement over democracy, gives you easier processes wherein the right persons for the right roles could be found or "elected", and the best workable solutions for problems and needs could be arrived at by communities.

It is a process where with each collective decision made, the community becomes yet more happy, cohesive, more united, hopeful and target-oriented.

We are happy to invite you/your delegates to participate in an **International Workshop on Sociocracy** to be held at Kanyakumari on 21,22,and 23, October 2016.

The above workshop will be led by a team of resource persons who include John Buck of USA, author of "We the People: Consent to a Deeper Democracy", and Shammy Nanda of India. <https://www.lifepositive.com/sociocracy-the-next-step-forward/>

We request you to consider attending it or sending a delegate or two who could help promote this non-dominative and non-manipulative culture of collective decision-making by communities.

 Our organization, Neighbourhood Community Network (NCN), registered at Hyderabad, works for accountable and participatory democracy through neighbourhood-based structures. It focuses especially, as an initial measure, on Neighbourhood Children's Parliaments and their multi-tier federations.

Looking forward to hearing from you and with regards,

Yours sincerely

Joseph Justus,
