About Gondwana University:

Gondwana University, Gadchiroli is established on 02nd October, 2011 by the Government of Maharashtra. It is a State University under Section 2(f) & 12B of the UGC Act. The University had in its genesis the solemn objective of catering to the educational needs and aspirations of the socio-economically and educationally underprivileged districts of Gadchiroli and Chandrapur. The University has 12 grant-in-aid teaching departments. To celebrate the 10th year of the establishment "Dashamanotsav", the University has initiated a series of activities and this International Conference is an important event in this series. With all challenges, the University is moving forward to promote culture of quality and inclusive education to our stakeholders.

About IAPS:

International Academy of Physical Sciences (IAPS) was founded in 1994 with its headquarters at Allahabad (now Prayagraj), India with its objective to promote interdisciplinary approach and foster synergy among diverse subjects like Physics, Chemistry, Mathematics, Statistics, Computer Science, Earth Science and various fields of Biophysical Sciences, such as Biochemistry, Biophysics, Biomathematics, Bioinformatics, etc. The Academy has previously organized twenty five conferences in reputed Universities/ Institutes across the country as well as foreign countries. The year 2019 was the Silver Jubilee year of IAPS, twenty nine national conferences/ workshops/ seminars were organized at different institutions in the country in diverse fields of physical sciences to commemorate the important event.

About Conference:

CONIAPS XXVI: International Conference on "Advances in Physics" is dedicated to bring together leading researchers to discuss and share the latest advances in Physics. The focus will also be on the fundamental areas of application with particular emphasis on emerging trends. Talks will encompass basic studies and applications and will address topics of novel issues.

The purpose of the conference is to bring together, Professors, Scientists, Engineers, Researchers and Students working in the field of Physics on a common platform in order to interact with eminent science and technology professionals to create a network for collaborations and partnerships.

Call for papers:

The organizers invite original and unpublished research articles from academia, industry experts and students/research scholars in the broad areas on the theme of the conference.

All accepted abstracts will be published in the abstract booklet supplied to all the participants on the day of the Conference as a soft copy.

Selected papers (full length) presented or accepted in the conference will be published in the peer reviewed Journal of IAPS (ISSN: 0974-9373) or may be included in reputed Scopus indexed journal (with requisite fee). The format of the paper will be shared after the acceptance of the abstract. The manuscript of paper should be submitted to email: coniaps26physics@gmail.com.

All the submitted abstract(s)/manuscript(s) will go through a plagiarism check before the technical review. Only few selected participants will be able to present their work orally (single slide) as contributed work during the virtual conference.

Guidelines for Oral Presentation:

Participants selected for presenting their work orally as contributed work are advised to prepare a single slide and required to share the same with the organizers before the day of the conference.
