INVITATION

Dear All,

We cordially invite you to participate in One Day State Level Workshop on 'Revised NAAC Framework and the Challenges Ahead' on 22nd Jan 2020. Your presence and active participation will help us serve the purpose behind this step towards quality enhancement of our IQAC.

ABOUT AHERI :

Aheri, geographically located on the adjoining borders of Maharashtra and Telangana states of India, has got its nomenclature from the word 'Aher' means a gift given by kings to its Zamindars and has been an abode of Tribal King. Blessed by the holy water of the Pranhita this place is especially known for tribal people and their culture. Owing to deep and dense forest the tribal people moved to this area long ago and became the original residents. Due to their dependency on forest product and alienation from developed world they remained completely alien to modern changes and developments. They were later exploited by Maoists and hence Naxalism came to dominate this area. Proper education was the only key. In such socio-economic context the institution was established to bring about positive changes in their lot.

ABOUT THE INSTITUTION:

The founding Father of this Institution, Late Hon. Shantaramji Potdukhe, Ex. finance Minister for state, Govt. of India, first thought of bringing the people to the path of development. Hence, under the canopy of Sarvodaya Shikshan Mandal, Chandrapur and with generous endowment of Late Shri Shankarrao Bezalwar, Aheri this institution was opened with a vivid mission and vision. This year the S.S. Mandal is celebrating its Golden Jubilee. Since its establishment in 1983 the college has been rendering yeoman service to the society and nation and has been successful in bringing about its mission a reality. Since the inception of Dr. P.M. Katkar as a Principal, it has reached to new height of developments. Our success journey to getting 'B+' in 2017, despite several oddities, has a testimony to it.

OUR VISION:

The vision of the institution is to achieve excellence in higher education, empowerment through knowledge, inclusive growth for socio-economic change and sustainable development.

OUR MISSION :

- * To provide greater access for higher education to all and in particular to the socially and educationally unprivileged youth upholding the principle of social equity.
- * To promote academic excellence and innovation through state-of-the-art to Undergraduate, Postgraduate students.
- * To enhance the status of departments in the fields of knowledge generation and dissemination by proactively supporting cutting-edge research.
- * To offer educational programmes catering the current and future needs of society, region and industries.

ABOUT THE WORKSHOP:

The NAAC, based on its practical experiences while assessing the colleges and universities as well as according to new upcoming global challenges in education, has been revising framework and expecting the institution to be able to face the challenges and stand through them. The institutions, due to lack of preparedness and new objective methodology are facing a lot of challenges. The institutional development is the responsibility of all of its stakeholders and hence it is mandatory for all of them to be aware of quality enhancement areas and key indicators so that they could cope up with the challenges ahead and come true to NAAC's expectations. The workshop under seasoned guidance of Dr. Anjan Naidu will enlighten them and boost their courage to overcome the challenges.

ABOUT THE RESOURCE PERSON:

Dr. Anjan Naidu (M.Sc. (Maths), M.Ed, P.G.D.C.S., PhD) Principal, Dhote Bandhu Science College, Tiroda Road Gondia, an academician in the Central India, a renowned assessor for NAAC, around 40 assessments of HEIs across India.
